Dear Client,

We are making it easier for you to have control over your personal data and we wanted to let you know about changes to our privacy notice.

### **A new data privacy law**

From May 25, 2018, the General Data Protection Regulation, known as GDPR comes into effect. It is the biggest change to data privacy law for 20 years and creates a single set of rules that aim to better protect your personal information. This new regulation allows you to have more control over your data and introduces higher quality standards on the handling, processing and storage of your personal data.

### **How does this affect you?**

We have updated our privacy notice to reflect these changes and to assure you that the personal information we store is accurate, up to date and well managed. You do not need to do anything, however if you would like to read the latest version of our privacy notice, you can find it on our website at the following link: [www.franklintempletonglobal.com/privacy](http://www.franklintempletonglobal.com/privacy).

Our privacy notice lists the types of personal data we collect, explains how we use this data and walks you through your rights under GDPR.

If you have any questions regarding the content of this letter or require any further information, please contact your local Franklin Templeton Services Office or your financial advisor.

Yours sincerely,

Craig Blair  
Conducting Officer
